| Note:            | International recycling symbol standard as<br>cast-in-place logo.                                                                                               |

### Top Options . . .

Colors may change without notice. Call to confirm current options.)

#### Pitch-In Top

Size: 25" Sq. x 6-3/4" H  
Weight: 8 lbs  
Colors: Brown, Gray, Bronze  
Opening: 9-5/8" Sq.

#### Four-Way Top

Size: 25" Sq. x 12-1/2" H  
Weight: 8 lbs  
Colors: Brown, Gray, Bronze  
Openings: (4) - 15" x 5-3/4" Sq.

#### Can Recycle Top

Size: 25" Sq. x 13" H  
Weight: 12 lbs  
Colors: Blue  
Openings: 4" Dia. hole for cans  
Feature: "Aluminum Cans"  
Thermo transferred in  
white.

#### Push-Door Top

Size: 25" Sq. x 13" H  
Weight: 12 lbs  
Colors: Brown, Gray, Blue, Bronze  
Opening: 15 1/2" W x 6 1/2" H  
Features: Self Closing

### Common Top Specifications

|               |                                                                                                                                                                                       |

| Hardware:     | (2) each top - Security Cables.<br>(2) each top - 1024 Hex head bolts.<br>(2) each top - Shouldered screws.<br>(2) each top - 1024 Washers.<br>(2) each top - Shouldered allen bolts. |
| Packaging:    | Shipped in carton.                                                                                                                                                                    |
| Maintenance:  | Clean with mild soap and water.                                                                                                                                                       |
| Installation: | Attach to container with security cable.                                                                                                                                              |

#### Liner

Size: 19-5/8" Sq. x 30-1/2" H.  
Weight: 13 lbs.  
Capacity: 45 gallons  
Color: May vary  
Material: Recycled Polyethylene Plastic.

## 1.1 SUMMARY

- A. Section includes: Furnish Precast Concrete Waste Containers indicated on drawings or specified herein.

## 1.2 REFERENCES

- A. American Society for Testing & Materials  
1. ASTM C33 2. ASTM C150 3. ASTM C31

## 1.5 SUBMITTALS

- A. Submit product data, shop drawings and samples.
1. Product Data: Manufacturer's specifications and technical data edited specifically for proposed system, including the following specific information:
    - a. Detailed specification of construction fabrication.
    - b. Manufacturer's installation instructions
    - c. Maintenance literature
    - d. Product warranty
  2. Shop Drawings: Indicate pertinent dimensions, general construction, component connections anchoring methods, hardware and installation procedures.
  3. Samples as requested by Architect.

## 1.6 QUALITY ASSURANCE

- A. Qualifications of Manufacturer: Manufacturer to be prequalified by specifier prior to bidding. Failure to comply will result in disqualification of bid. Manufacturer to have at least five years experience in the manufacturer of precast concrete waste containers field proven for at least five years.

## 1.10 WARRANTY

Manufacturer shall submit a written warranty for precast products for the period of two (2) years upon acceptance of products.

## 2.1 MANUFACTURERS

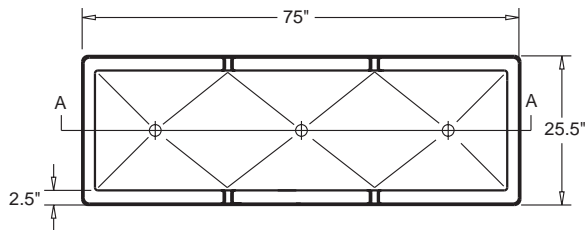

- A. Acceptable manufacturer for Precast Concrete Waste Containers to be known as:

- B. Clarification Note: Drawings and installation specification are based on manufacturers proprietary literature from manufacturer. Other manufacturers shall comply with minimum levels of material and detailing indicated on drawings or specified herein.
- C. All Precast products for this project shall be of one manufacturer.

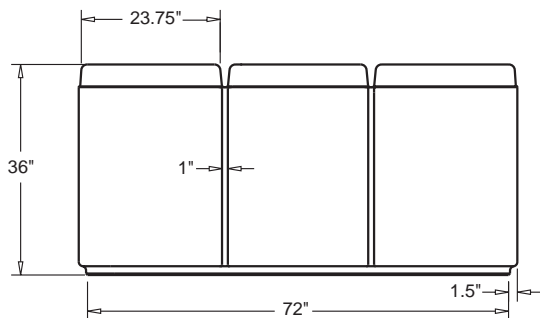

## 2.2 MATERIALS

- A. Portland Cement: ASTM C150 specifications for Portland Cement.
- B. Aggregates: All aggregates to meet ASTM C33 specifications, to be cleaned of foreign matter and properly graded to size.
- C. Coloring: Pigments used shall be inorganic, resistant to alkalinity and used as per manufacturers recommendations.
